

Bestiary: The Isle of Dread

written by CresthavenRPG Guru | January 23, 2020

One of the all time favorite adventures is The Isle of Dread by David Cook and Tom Moldvay. Here are all the Cresthaven RPG Monster's you'll need to run the classic adventure.

The harrowing ocean voyage was exhausting enough. Now you are faced with a dark island that could well be filled with cannibals! A tattered, old ship's log is your only clue to the riches that may lie beyond the isle's quiet shores. Rumors of great wealth brought you here, but the thrill of adventure sustains you as you work your way inland, slashing through dense jungles and murky swamps in search of a lost plateau and the great black pearl.
