Burlhammer Forge

written by CresthavenRPG Guru | February 16, 2023

Kired Burlhammer is a master gnome blacksmith who runs a shop specializing in armory, weapons, and all manner of metal creations and repairs. His shop is located on the outskirts of town, in a modest building made of stone and wood. The exterior of the building is adorned with various metal objects that Kired has created over the years, from ornate wrought-iron gates to sturdy suits of armor.

When visitors enter Kired’s shop, they are greeted by the sound of hammers striking anvils and the smell of hot metal. The shop is filled with all manner of tools, ranging from simple hammers and tongs to more complex equipment such as forges and bellows. In the center of the shop, a large, well-worn anvil takes pride of place, surrounded by workbenches and shelves filled with metal scraps, ingots, and finished products.

Kired Burlhammer is a talented and experienced blacksmith, and he takes pride in his work. He can create anything from the smallest, most intricate piece of jewelry to the largest, most imposing suit of armor. His specialty, however, is weapons. Kired’s weapons are renowned for their strength, durability, and superior craftsmanship. He takes the time to understand each customer’s needs and preferences, ensuring that every weapon he creates is perfectly suited to its owner.

Despite his formidable reputation as a master blacksmith, Kired is a friendly and personable gnome. He enjoys sharing stories about his craft and teaching others the secrets of his trade. Visitors to his shop are always welcome to watch him work and ask him questions, and he takes great pleasure in passing on his knowledge to the next generation of blacksmiths.
